Karachi, the 23rd November, 2014.

Revered Sir,

It was a great reward for me to receive a complementing letter from a Civil Service Stalwart and mentor of a large number of civil servants.

I have always been inspired by your articulate management, governance style and commitment to public service. Your vision and efforts have initiated new horizons in the Telecommunication, Local Bodies, Development works, Crisis Management and socio-economic uplift. It is a matter of pride for us when we learn about the dynamic steps to make the Institution of the Federal Ombudsman viable and accessible. Regional Offices have been set up in various Districts including Hyderabad and Benazirabad which will help in reducing the grievances of people against maladministration in Federal Government organizations.

In accordance with your kind guidance, Urdu version of the Newsletter has been prepared and is being distributed at all public places. The initiative is aimed at developing confidence in the people of Karachi, stimulate their relationship with the Government and telling them about various efforts being made in pursuance of the Government policy.

With profound regards.

Reverently
