Respected

Sir !

I pay heartiest felicitations on your election as the President, Asian Ombudsman Association with significant majority votes through the process of secret balloting at the end of 14th Conference of Asian Ombudsman Association held in Islamabad on 24-25 November, 2015.

2. Since you are personally known to me from the last more than twenty five years while you were serving at various esteemed positions under the Federal Government and I was associated with your honor in the couple of assignments during your such glorious tenure of meritorious services to the nation, particularly in brining revolution in telecom sector and motorways in Pakistan in the decade of 90s.

3. I also feel pride and pleasure that even today I am associated with you in the sacred cause of serving the poor and low trodden segments of our society who are usually oppressed and suppressed by the acts of mal-administration of Federal Government Agencies and they frequently knock at your doors for seeking relief and you and your team always show commitment to address and then redress their grievances, which are being passionately implemented by my Implementation Wing with full spirit and zeal, thus, brining good name for you and your organization with 94% and 96% implementation rate in the last two years of 2013 and 2014, respectively.

4. On assuming the gigantic responsibilities as the President, Asian Ombudsman Association in addition to your present responsibility as Federal Ombudsman of Pakistan, the people of Asian Countries will also be benefited from your waste experience as you will surely devise such policies through which the acts of mal-administration in Asian Countries will significantly decrease day by day. We pray that Almighty Allah may shower His blessings upon you and may give you the strength to do justice with your esteemed position in your tenure, "Amen".

With profound regards,

Yours
